Dear Directors:

I am sending this letter via Mr. Lieberman, who coached me in preventing World War III, with some hope.

I am hoping that it is as obvious to you as to me that the settlement agreement does not work for us and should be revised.

There is no reason why any problem between us cannot be resolved quickly and happily.

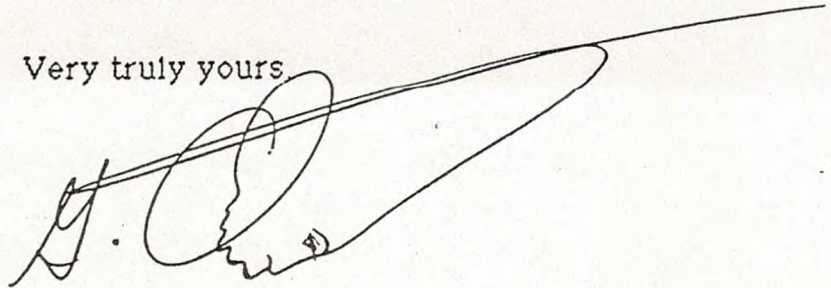

My proposal is:

1. Dismiss the two appeals in Armstrong.
2. Remove the restrictions of the settlement agreement.
3. Pay me \$150,000 plus attorney's fees for these very distressing violations of the settlement agreement:
 - a. The Corydon FRC.
 - b. The Long and Chaleff affidavits in Miller.
 - c. The video tape from the Armstrong operation.
 - d. The post-settlement threats.

I think it also has become obvious that a truly global settlement is in everyone's interests. I do not believe it is difficult to achieve, does not require a change of personnel, but does require a change of mind. Fortunately that's happening all over the world so would be eminently excusable.

I am willing to discuss this proposal or our differences with an appropriate organization representative. This proposal is good for seven days from the date hereof.

Very truly yours,

A handwritten signature in black ink, appearing to be 'G. Armstrong', with a long, sweeping horizontal line extending from the end of the signature across the top right of the page.
